

## ***VISITOR POLICY UPDATE from Wolf's Den Family Campground – June 5, 2020***

Effective June 5, 2020 a limit of 5 visitors will be allowed per site. Visitors are defined as anyone who is not registered on your original camping reservation. Per the rules of the campground, all visitors are the responsibility of the camper whom they are visiting.

All visitors arriving from outside the campground **must register upon arrival** to the campground. Going to your campsite to see you first, obtain visitor passes from you, etc. is not allowed. Visitors must park, register and pay a fee, walk in or discuss options to drive in. Handicapped visitors need to follow the rules of registration and payment but are allowed to drive in and park as long as they possess a state issued handicapped pass (aka "blue pass"). Fees may also be paid with visitor passes they receive from the seasonal camper before they enter the campground. ALL minors must be signed in by parents or a responsible adult. Visitors setting up a tent on your campsite will not be allowed. You are still welcome to prepay and register your visitors in the office. All visitors will need to stop in the office to fill out the appropriate form/waiver and receive a pass. The driver of each vehicle will receive a pass that needs to be displayed in their car to park for free. A different pass is issued if the visitor is parking on the campsite and has paid to do so. During this COVID climate we are in, it is imperative that each and every person sign a waiver, receive the rules of the campground and understand what amenities are open to them.

To recap – there are three reasons visitors must sign in:

1. We are legally required to collect names and addresses of all guests. [Click here to sign the necessary waiver online.](#)
2. A full disclosure of COVID rules and waiver must be signed by all guests so they know what is expected and what they are entitled to.
3. A visitor fee is due.

We have received many requests to allow visitors and this policy is a reflection of our willingness to accommodate you, our campers. We have spent many hours working through research, guidelines and executive orders that are imposed on businesses. We want to welcome visitors to enhance your camping experience but strict guidelines and enforcement of these guidelines will be a priority to us.

All vehicles, campers and visitors alike, must have the proper pass displayed in their car – no exceptions. We will be checking parking lots and campsites for these passes. Any vehicle without the proper pass displayed will be towed. This is going to happen; please make sure it is not one of your family or guests. Advance communication with your party is key. Any unregistered people found on a campsite or the property will be removed with no warning. Remember, you as the camper are responsible for your guests, so this puts you at risk for unregistered guests and your ability to camp with us. As a reminder, if you are bringing guests into the campground with you in your car, please stop BEFORE you enter the campground and register these guests (ex. Grandchildren, friends of your children, etc.) Visitors who would like to come in after our posted office hours are not welcome. Please have them wait until the next day.

Your gate key is for your entrance into the campground with your registered vehicle only. Please make sure you have the proper sticker/pass in your car. Never use your card to let anyone else into the campground (visitor, subcontractor, etc.). Violation of this rule could result in the loss of the privilege of your key and removal of the unregistered person(s) being let in.

We thank you in advance for your compliance. As always our goal is to help "families make memories with our family."

The Gustine Family and Staff
